Geotarget

All campaigns will be geotargeted to Serbia. Lease positions abroad are possible at special prices that depend on the countries where the campaign is served, and they are available on request.

Viewable impressions

All banner positions, except for party branding, are delivered by IAB standard for Visible Impressions, i.e. we charge only the impressions that were visible to the user.

Audience

For display campaigns, if the advertiser wants it, we enable it free targeting of users according to 25 interest groups.
